

Ritecell Waxed Plastic Foundation

Ritecell Waxed Plastic Foundation is available to fit deep, medium, and shallow frames. This injected molded plastic raised cell sheet has precise deep uniform cells and is coated with 100% pure beeswax. It can be used in a Wedge Top Bar Frame or Grooved Top Bar Frame. Available in natural or black color.

Available in Deep (9 1/8"), Medium (6 1/4"), and Shallow (5 3/8")

Available in Natural or Black

Sold in individual sheets, 100 sheet boxes and in 47 lb boxes.

Beeswax Foundation – Cut Comb

Cut Comb Beeswax Foundation is 100% pure beeswax; available in Shallow (5 3/8") or Medium (6 1/4").

Sold in packs of 10 pieces or in 12.5 lb boxes.

We verify the foundation is in good condition before shipping, but this item will be shipped at the "buyer's own risk" for damage.

Beekeeping Equipment

Beeswax Foundation – Wired Wax

Our Wired Beeswax Foundation is secured with vertical wires for increased strength and support and comes in Deep (9 1/8"), Medium (6 1/4"), and Shallow (5 3/8").

Sold in packs of 10 pieces, and in 12.5 lb or 25 lb boxes.

We verify the foundation is in good condition before shipping, but this item will be shipped at the "buyer's own risk" for damage.
